Student's Address	Student's Phone
-------------------	-----------------

---

Ref.No.	Subj.	Course No.	Sect.No.	Course Title	Credits
---------	-------	------------	----------	--------------	---------

---

Instructors' Name

State briefly your reasons for taking the course stated above:

Please Note: These courses are designed to provide opportunities for the student to complete courses under conditions of self-guidance. The instructor is granting this permission because s/he feels that the student will profit academically as much or more from this kind of study as s/he would from regular classroom attendance or because subject matter is not available in a regularly scheduled course. This arrangement should not be as *simply* a convenience for the student who has outside work or other conflicting commitments. *Normal registration procedures are to be followed to validate this contract.*

Note for Math Majors: Credit hours of MAT 6908, 6911, 6939 or 7912, earned before passing two Core Qualifying Exams in Ph.D. level, do not count towards M.A. or Ph.D. degree in Mathematics. These courses, however, can be taken by a student before passing two Core Qualifying Exams in Ph.D. level, with an approval from the Graduate Program Director, and also from the Seminar Organizer for MAT 6939. The course work for requested credit hours for MAT 6939 needs an approval from the Graduate Committee.

**TERMS OF AGREEMENT:** Indicate examinations, term papers, special projects, or other requirements for the course (attach a separate sheet if necessary):

I HEREBY AGREE to the terms outlines above for completion of this course by the course stated above.

Student's Signature: \_\_\_\_\_

I HEREBY AGREE to the terms outlines above for completion of this course by the course stated above. I understand that this does not constitute a full course assignment or warrant any overload payment.

Instructor's Signature: \_\_\_\_\_

I approve the terms outlines above. (Signatures below are necessary for a student who has not passed two Core Qualifying Examinations at the Ph.D. level, as stated above.) Signatures of Graduate Program Director and/or Seminar Organizer:
